**how do i start building a cat condo.
building it in woodshop in shcool?**

i need 2 know how 2 start builing a cat condo but i need 2 know how 2 strat it. have not made 1 before. can you help me 2 start building 1

Start at the bottom with the platform (base)

attach a pole to the base (for crawling up)

attach another platform to that where the cat can hide inside.

I would think it would be a lot more fun for the cat if the pole on the base was hollow so it crawl up inside or out.

Go on a search engine and search kittycondo or catcondo. I got more ideas when I used ask.com.

Good luck!
