**Where is there a place in the Quinte area
that sells cat friendly carpeting?**

Im building a cat condo and need some cat friendly carpeting. Carpeting without loops such as artificial fur fabric or solid colour carpet. But I don't know where do go. Some ideas would be nice, thanks in advance.

You might try Wilson's...they have a really good selection, I recently carpeted a doll house with remnants. They had good prices on ends' n pieces as well. There phone# is 613-966-4666. They are on 62, 1mi N of 401 in Belleville. Hope this helps :)
